

Singapore, 11 September 2024

Rajah & Tann Technologies is excited to announce the signing of a Memorandum of Understanding with Detack, a provider of cybersecurity solutions and consulting services.

This agreement emphasizes their joint commitment to advancing cybersecurity measures for enterprises, with a focus on PDPA-compliant password vulnerability audits and password safety enforcement.

By collaborating with Detack, Rajah & Tann Technologies aims to strengthen its cybersecurity offerings and support enterprises to improve user password security while maintaining compliance with Singapore's personal data protection regulations.

For more information about this collaboration, please reach out using the contact details below.

About Rajah & Tann Technologies

Incorporated in 2017, Rajah & Tann Technologies (RTTech) is a leading provider of multidisciplinary, tech-enabled Digital Risk Management solutions. RTTech is wholly owned by Rajah & Tann Singapore, one of the largest full-service law firms in Singapore and Southeast Asia spanning 10 countries in the ASEAN region and beyond.

With our unique expertise combining rule of law and technology, RTTech provides holistic digital risk management solutions that utilizes best practices and tools to mitigate and manage risks across all sectors. Focused on leveraging AI and automation, RTTech delivers cost effective protection in the rapidly evolving threat landscape.
